

THE ADVERTISER

THURSDAY MORNING, JULY 13, 1874.

THE CITY.

The minutes of the Council Court in another column.

Hon. G. R. Shook, of Illinois, was in the city on Monday.

All Republicans are invited to meet the central committee on the 25th inst.

Brownville grain and stock market: Wheat, 50¢; Corn, 45¢; Oats, 50¢; Cattle, \$4.50; Hogs, \$4.00; Stock, \$3.50.

Dr. J. Hoover, of Nebraska City, for the last ten days has been very sick; but is again rapidly regaining his health we are glad to learn.

We have received news that the President has ordered that the office to be removed from Lowell to Bloomington, and Bloomington is a company rejoiceth.

We had a couple of rain showers last week, but they were not heavy enough to do much good. The corn and vegetable crops need badly now a good soaking rain.

Church Howe was in town on Monday. While slashing the golden wheat down, as all good practical farmers are now doing, he broke his paper and had to come to town for an "extra."

Equipe H. D. Snyder, elected Justice of the Peace last April, resigned said office at the last term of the Commissioners Court. He expects to remove from Nebraska to Missouri within a month or two.

J. Phil. Deuser, who has handled many a glass of lager, was in town on Monday last. He informed us that he would sell no more beer, and had shut up his house here. He has gone into the hardware business with his brothers at Rockport. We wish Phil, the greatest prospector in his new business.

The good steamer Utah, made her landing on Saturday evening last, brought up a large lot of John Bell's lumber yard, and goods for Stevenson and Cross and Jno. A. Pann. The Captain said her cargo of grain down would be nearly full, and that he did not expect to make another trip up for some time.

Mr. L. G. Lockwood advertises in today's paper that he is now prepared to do machine repairing of all kinds. Farmers will no longer have to throw away their farm machinery when half worn out, but can bring it to Mr. Lockwood and get it repaired, thereby enabling them to use it much longer and save the expense of new machinery.

Dick Hughes returned from the Capital on Friday last. He informs us that Major Caffrey will be in this city the latter part of this week to see his many old friends and solicit subscriptions for his weekly *Blade*. He commenced the publication of the *Weekly Blade* last week, and we can recommend it to the people as an excellently printed and edited eight page paper. Give the Major a lift when he calls on you.

It is generally conceded, says the *Omaha Daily Union*, that Governor Furnas will receive a re-nomination at the hands of the Republican party in this State. The South Platte country is strong for him, while many in the northern part of the State believe him to be the most able candidate. The press generally has refrained from expressing preference for any particular man, but a strong feeling in favor of the present incumbent. It is argued that he has been a firm and steadfast friend of every interest calculated to enhance the welfare of this young State, and that a better man for the position cannot be found in the ranks of the party to which he belongs.

Friend Polock enters upon his second term as P. M. by buying up and arranging in more convenient style the interior of the post office building, and has re-named the boxes, and by the application of paint and varnish has made the office appear much better than formerly. Friend P. takes great pride in making his office neat and all his assistants handy, as well as in his efforts in handling the mails and the discharge of the arduous duties of the office. And in this connection his assistant, Miss Lucy Polock, who is a daughter, deserves favorable mention. She is always at her post, and is a business of the office with admirable quickness and business tact.

The festival on the grounds and beneath the forest trees at Ex. Handley's residence on last Friday evening was the most affair of the season. The grounds were lighted up in splendor by Chinese lanterns, of variegated hues and colors, hanging on cords stretched among the trees. The evening was very calm and pleasant, a large crowd of ladies and gentlemen were present, and the band was with their usual stirring music, and with the grove as light as day, and the swings, and the beautiful decorated tables and the promenade, and the glow and good humor manifested with all, we think it was one of the most pleasant socials we ever attended. Mrs. Handley did the honors of the occasion with much grace and affability, and to her we owe the money receipts of the entertainment, but presume they were all anticipated.

Prof. S. D. Beales has been elected Superintendent of the Omaha city schools.

We had the pleasure of meeting the Hon. S. P. Majors, of Peru, in the city on Tuesday.

Gov. Furnas arrived in town last Friday evening. He will remain here several days ere he returns to the capitol.

Mr. C. B. Bowman, an employee in the St. Joe Gazette office, arrived at his home in this city on Saturday morning last.

The last few days, it is said, has ripened the wheat so very fast that much will be lost in the efforts to harvest and save it.

Henry Hockmeyer, county commissioner resigned at the last term of the court, and we have but two commissioners now.

Charles Neidhart, our marble dealer, has the foundation laid for a fine brick building, of good size, on his marble yard lots.

The red man is on the war path again and committing bloody murders and robberies on every occasion that presents itself. On the outside of this issue we print some very interesting Indian news.

Uncle Moses Conner at the recent meeting of the Board of county commissioners was appointed a Justice of the Peace, vice Snyder resigned. "Squire Conner permit us to congratulate you—we don't smoke anything but cigars.

The Nebraska City papers speak of the large number of young prairie chickens killed by their sportsmen over there. We give it as our opinion that no true sportsman kills birds before they are old enough to fly. Are there no sportsmen in the City who sufficiently respect the law to enforce it. They dare not kill game out of season down this way.

Brownville Division of the Sons of Temperance installed their officers for the ensuing quarter on the evening of July 3d, as follows: J. S. Church, W. P.; G. W. Fairbrother, Jr., R. W.; Miss Florence Smith, A. R. S.; B. M. Baily, Treas.; David Adams, F. S.; Charles Loree, C.; Miss Mary Clark, A. C.; A. W. Lemon, Chap.; Miss Mary Campbell, I. S.; S. W. Abbott, O. S.

Dr. F. G. Holmes called on Monday and presented us with some fine specimens of summer apples of the Early Harvest, Red Astrachan and Red June varieties, grown in his splendid orchard near Nemaha City. The Dr. also brought us a couple of Jannett apples of last year's production, and after dissecting the fruit with a sharp knife found it to be perfect and without blemish clean to the core. And now we know that apples, with proper care, can be well preserved in this country until apples come again. It would be better for the country if there were more such enthusiastic fruit fanciers among our farmers.

The Ministerial Association of the Nebraska City District, Nebraska Conference of the M. E. Church will meet in Falls City July 21st, inst., to continue two days. The following is the programme of exercises for the occasion:

Will the literal body be raised in the resurrection, T. B. Lemon.

Should the office of P. E. be abolished, C. Comstock.

What was Christ's temptation, J. W. Caney.

Was the atonement of Christ complete, Peter Crook.

Do the Scriptures teach infant baptism, C. W. Giddings.

Best method of preaching, D. F. Rodabaugh.

Exercises—Romans, 9:13, 16, W. B. Slaughter.

Exercises—Luke, 17:3, 6, Thomas Andes.

Exercises—Matthew, 13:45, 46, Bro. Johnson.

The following are the questions for discussion:

Resolved, That camp-meetings are not profitable; affirmative, Thomas Andes and D. B. Lake; negative, M. Prichard and L. F. Britt.

Resolved, That the pastor should hold the Board of Stewards legally responsible for the payment of his salary; affirmative, T. B. Lemon and S. D. Roberts; negative, W. B. Slaughter and Joseph Martin.

Sheridan items received Wednesday noon—too late.

John McPherson returned to Republican City last week.

J. B. Docker, our city Clerk, is building an addition to his residence.

"Anything in yours?" Only a rye straw if you please—nothing stronger.

Rev. Prichard, of Peru, was in the city on Monday and called on the ADVERTISER.

We notice that Conrad Schriener has put up a neat new frame residence near his brewery.

Our exchanges report harvesting vigorously going on all over the State, and that the wheat is generally very good.

Newt. White, of Phelps, we regret to learn, has been very sick for a couple of weeks, and is now lying at the point of death.

It is getting to be generally understood that "Old Jim Bus" knows how to keep hotel, and that he runs the "Star" in first-class style.

We understand that Mr. L. G. Lockwood intends soon to run the machinery of his machine repairing shoppy steam. That's business.

J. R. Bell came up from St. Joe, on Tuesday. He informs us that he has the contract for furnishing the timbers and lumber for the Long bridge.

T. L. Schiek Esq., arrived home from a busy business trip to Republican City, on Saturday last. He reports favorably for that part of the country.

Grant Clover says he has invented a well sager, and applied for a patent on the same, which will knock the socks to anything of the kind yet invented.

If you want any kind of lumber now, call at Bell's lumber yard where may be found the largest and best stock ever brought to Brownville, and is being sold at the lowest prices.

The wife of P. B. Allison of St. Joseph, dropped dead on the streets while taking a walk last Sunday morning. We understand the deceased was the step-mother of Mrs. E. W. Thomas of this city.

Carlos P. Wittse's father, Jerome Wittse, residing near Rulo, wants Carlos to return to his home which he left without a furlough. Carlos P. is 14 and red headed. If you know where the boy is send word to his father.

Mr. W. C. Cook and lady, who have been for some time residents of Kansas, returned to Brownville on Tuesday of this week. Mr. Cook says the church bugs drove him out of Kansas, and he thought he would come up here where something to eat is raised.

The Body Bro's have until recently been running two butcher shops in the city—one down town and the other at the "West End," but the latter has shut up, and the Bros. are both saving bones at the old stand with the red front, where the best and cheapest steaks are handed out.

Under head of "Special Term of District Court" we publish a request of the County Commissioners for a special term of said court to be held in this city on the 7th day of August, 1874, for the purpose of obtaining judgments on the delinquent tax list; and in connection with said request, notice appears that a special term is appointed for that time by Judge Gantt.

We call the attention of our patrons—our local patrons especially—to the quantity, and variety of reading matter the ADVERTISER contains from week to week. Every inch of space is filled with interesting reading except what is used for advertisements that pay us and must be in the paper. We labor incessantly to make a paper to be appreciated by every family that reads it.

The *Blade* says: Two years since by a close vote School District No. 63, voted \$300 for school purposes. This year the A. & N. R. R. Co., paid into the treasury as its school tax for said District \$475.15 of the \$601.78 levied, thus clearing the District of debt, and leaving a handsome surplus, and now the electors think that voting bonds was not such a bad speculation after all.

We have recently been sending "please pay us" to all our subscribers who are considerably in arrears on subscription. We do this because it is our right and duty to do so, which are good enough reasons without saying anything about what necessity requires sometimes. Many have responded favorably to our gentle hint and some have not responded at all, but will soon, probably, while others we will never hear from. Some apparently become offended because we dun them. One of such fellows sent us six dollars the other day, and snapped at us—"Enclosed find \$6 which pays up my subscription to the ADVERTISER—Stop it!" What a terrible affront it must be to a man to be dunned for only three years back pay for his paper. We do not intentionally insult anybody in trying to get our rights, but frankly say that we would rather such subscribers would pay a d stop their paper—and get mad about it if they want to—than not pay at all. The great majority of our delinquents, however, have too much sense to be offended because we ask them for the money that has been due us for a long time. We ask all our patrons to pay us up promptly; and the better we are paid the better paper we will make them.

MARRIED.

On Tuesday evening, July 14th, inst., at 8 o'clock, at the residence of the bride in this city, by Rev. J. T. Baird, Pastor of the Presbyterian Church of this city, Mr. George Marion and Mrs. Esther Johnson.

There were no cards issued, but a few of the special friends of the contracting parties stepped in to witness the ceremony of the nuptial tie and extend the first congratulations.

The wedding cake was duly delivered to the printer boys of this outfit, and the happy bride and groom have the best wishes of the ADVERTISER that happiness and harmony may be with them as enduring as life.

A CARD.

The ladies of the M. E. Church desire to express their gratitude to their friends for the liberal patronage which they received on last Thursday evening at the "Open Air Festival" and also to return a vote of thanks to the proprietors of the ADVERTISER and Granger, for favors and to the members of the Band, who did so much to render the entertainment pleasant and profitable, and to Mr. & Mrs. Handley for the use of their beautiful home, and surroundings, and for the generous hospitality, and public spirit which they manifested not only upon that but upon every occasion. It is a spirit to be commended and worthy of imitation. We will hold them in grateful recollection for their kindness.

SUNDAY SCHOOL CONVENTION.

The following is the programme of County Sabbath School Convention, to be held August 8th, 1874, in Kennedy's Grove, two miles west of Brownville. Exercises to commence at 9 o'clock in the morning:

Religious exercises, led by Prof. Nickell.

Essay, by Mrs. T. L. Schiek.

Children's meeting.

Dinner.

How can we enlist the entire Church in the Sabbath School work? led by J. T. Baird.

Is the whole ground occupied? If not what is our duty in the premises? led by Elias Randall.

Questions and answers.

Miscellaneous business.

The above programme will be strictly followed. Ten minutes will be allowed the first speaker; all others five.

It is hoped that all parts of the county will be largely represented.

It is expected that all persons attending will bring their baskets with them.

By order of the EXECUTIVE COMMITTEE.

The quarter race made to come off at the Phelps tracks last Saturday between Sam Bennett's brown mare, Kate, and McCumber's gray horse, after a fruitless effort all the afternoon to agree upon a start, was postponed until Monday of this week, when the race was run, Kate winning by twenty feet. The principal bet was \$100 a side, but there was considerable side betting in small sums, and about \$500 inflated the pockets of the friends of the Nebraska mare. The betting was generally two to one on Kate. We understand that the friends of the gray horse are not satisfied and another trial of speed between the two horses is probable at no distant day.

As I intend to have nothing in the postoffice building but the postoffice, I will sell off my show cases and fancy articles at great bargains. Dealers and others are requested to call and see if I have anything they want.

The "National Currency Tobacco" made by Colhup of this city, when we consider its quality, and cheapness, and the peculiar style in which it is put up, is the best thing in the tobacco line we have seen. It is put up with a view to small wholesale customers. Farmers, Grangers and others who want to buy directly from the manufacturer should see Colhup before supplying themselves.

A Lecture to Young Men

Just Published, in a Small Book, by Rev. J. H. BAUER, D. D., of the University of Michigan. Price 25 cents.

A Lecture on the Nature, Treatment, and Radical Cure of Sexual Weakness, or Spermatorrhea, induced by Self-Abuse, Involuntary Emission, Impediments, Nervous Debility, and Impediments to marriage generally: Piles, Consumption, Epilepsy, and Fits; Mental and Physical Incurable, &c.—By ROBERT J. CULVERWELL, M. D., author of the "New Book," &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the most dangerous and distressing consequences of Self-Abuse may be effectually removed without medicine, and without dangerous surgical operations, leeches, blistering, or any other painful or dangerous mode of cure at once certain and effectual by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture will prove a boon to thousands of distressed young men.

Sent under seal, to any address, in a plain sealed envelope, on the receipt of 25 cents, or two postage stamps. Also, Dr. Culverwell's RECIPE FOR PILLS, sent herewith. Address the Publisher, CHAS. J. C. KLINE & CO., 127 Bowery, New York, Post-Office Box 1,456.
